Trading & Supply Services

Infinite Group

In 1985, Jayalakshmi Traders, (an ISO 9001 Company) was founded as a marine and provisions supplier in Visakhapatnam, which is still today a leading organization completing the service portfolio in a significant way.

Propelling ahead with the Jayalakshmi Traders as bedrock -- is the Infinite Group which came into being in 2003 and has since then, through the continuous process of diversification, grown into a multi-faceted service provider for off-shore, oil and gas industry.

With its strategically located offices at the maritime hotspots of the country, the group is slated to emerge as a leader in the service sector in years to come. In recent years, the group followed the requirements of the growing ship supply market and ventured into new avenues.

The business started primarily as provision supplier for the shipping industry and later diversified into construction and production. Of late, more services were added, making the Infinite Group a leader in many aspects. Our services range from repair shops, conveyor and hydraulic techniques to provisions and cabin stores supplies for cargo ships and vessels both offshore and onshore. In addition, we offer logistics services to our customers, and not to forget our very own warehouse and guesthouse facilities and heavy equipment rental industry.

24x7 customer service at a short notice, with one hundred per cent satisfaction is assured or rather self-explanatory. Just on time delivery – we mean business. This is combined with top class service at the clients' desk – with our experienced staff attending on you in a very personal way. Our priority is to always have a lasting customer relationship, based on fair and strong commercial terms, conducive for both sides.

Our dedicated team members, in charge of the relevant areas of operations, are always geared up to face challenges. They will serve you over long periods of time. Our flexibility and creativity will surely meet the growing demands of the market from time to time.

We intend to make best use of the success obtained in recent years, to lead the Infinite Group to greater heights for an economically healthy future. We assure you, that we will be truly a reliable partner and will leave no stone unturned to give quality service to our customers.

Our catering service guarantees the crew good provisions at all times with fixed rates. Based on our network of contract partners, we can ensure the delivery to ships in India.

Sails and Rigging Equipment

Our experts for the making of sails are skilled and know the exact requirements for sailing and shipping. For the making of sails or ship rigging devices, our aim is the highest degree of safety and quality.

- Coverage for boats
- Spray hoods
- Yacht sails
- Sun protection devices
- Ropes and mooring ropes
- Yacht and boat equipment

- Technical confectioning
- Special products on demand
- Boat covers
- Truck covers
- In-house manufacturing etc;

We carry out individual repair jobs and on the spot assemblies with experienced manpower for short-term and reliable delivery.

Industrial Supplies

It is our aim to offer economically priced products for each and every application in the manufacturing industries, without compromises regarding quality or safety. Furthermore, we are happy helping you to solve your problems with the help of our consulting experts.

- Industrial hoses
- Fittings
- Compressed air components
- Rubber components / profiles
- Insulation material
- Heat mats and tapes
- Gaskets materials and special gaskets
- Chemical products
- Plastic semi-finished products / films
- Drive components
- Industrial and building supplies
- Environmental systems
- Oil absorption agents
- Oil containment booms
- Supplementary equipment management etc;

Infinite

Hydraulics + Accessories

Offering a full range of products we provide a wide range of assorted components for every application. The quality of our piping-meets is higher than international standards. Individual work is carried out for you in our high-tech modern workshops by our skilled personnel.

- Manufacture of hydraulic hoses and pipes (also in stainless steel)
- Stainless steel corrugated hoses and expansion joints
- Special fittings
- Hoses for highest pressures
- Hydraulic pipes and lines
- Hydraulic seals/gaskets
- Industrial and marine lubricants
- Manometers
- Ball valves
- Valves
- Cylinders
- Pipe clamps
- Couplings
- Flared fittings
- Pipe fittings and adapters
- Hydraulic presses
- Pumps and aggregates etc.

We test with modern high-pressure test technique under extreme conditions hose pipes, cylinder pipes and vents so that every component matches high industrial compatible norm.

Hoses and Couplings

As a full range stockist we offer the right component for every requirement. In our shops we produce according to individual demands. Our hoses are made to meet the international norm and are acknowledged by many classification companies.

Rubber, Plastic and Metal Hoses

- Hoses for industry
- Hoses for food
- Hoses for oil
- Hoses for chemicals
- Hoses for pressure
- Hoses for vehicles
- Pressure and hot water hoses
- Abrasion resistant hoses etc

Fittings and Couplings

- Quick clutch in brass, VA and Alu
- Storz clutch
- Kamlok clutch
- TW clutch
- Perrot clutch
- Flange fixtures
- Round fixtures
- Binding fixtures
- Blades
- Clamps Accessories etc.

infinite

Conveyor Belts and Vulcanisation

- Rubber conveyor belts
- Plastic conveyor belts
- Anti-micro bands
- Modular bands
- Drive systems and accessories
- Drum utensils
- Drive belts
- Gumming of pulleys
- Support rollers
- Vulcanisation
- Drive and tail pulleys
- Repair kits
- Anti-wear coatings
- Rubber mats
- Rubber sleeves
- Special seals etc;

We offer special service for our customer's individual demands.

- Solution for every problem
- Reliable 24-hour assembly and repair service
- Assembly on customer's site according to individual demands
- Short delivery time through well-assorted storage facilities.

Drive Belts

In industry the drive belt technique offers a wide range of economical and technical solutions. We offer a wide assorted range to meet today's demands of customers in all areas.

- Wedge type valve
- Tooth lock sheet
- V-belts/Wide V-belts
- Tooth lock washer
- Power bands
- Gearwheels
- Clutches
- Roll bearing
- Drive belts
- Chain tension
- Chain haulage etc.

Sealing Systems

The sealing of machines and installations is always a challenge. The sealing technique product programme of the Infinite Group meets the latest technology. We offer a competent service package with innovative, high quality solutions. We have the right solution for your sealing problem.

- Fibre gaskets
- Rubber gaskets
- Metallic gaskets
- Graphite gaskets
- Plastic gaskets
- Mechanical seals
- Packings
- Camprofile gaskets
- Ring-joint gaskets
- Spiral wound gaskets
- Shaft seals
- Cell and sponge rubber
- Thermo plastics
- Thermosetting plastics
- Gasket tapes and profiles
- Gaskets with metal inner eyelets
- O-rings and form seals etc;

Special gaskets according to samples of customer's requirement.

Infinite

Hand, Electrical and Pneumatic Tools

At our various branches we offer a wide range of high-quality tools from leading manufacturers. Our qualified staff will help you to select the right tool for your needs.

- Hand tools for metal, wood and stone work
- Cutting tools
- Tools holders
- Measuring devices
- Filling, grinding and cutting tools
- Welding equipment and accessories
- Compressors and accessories
- Pneumatic tools
- Rust-removing tools
- Metal-working machines
- Electrical and battery-operated equipment
- Wet and dry vacuum cleaners
- High-pressure water cleaners
- Generators
- Hose reels
- Workshop supplies
- Special tools etc;

Lifting + Lashing Equipment

The application fields of these products represent a special responsibility with regard to the materials and the way they are processed. In the Kloska Group workshops, top quality lifting accessories are produced quickly in accordance with individual specifications. We have a wide range of steel ropes, accessories and high-strength chains on stock.

- Non-rotating special wire ropes
- Ships crane ropes
- Several types of wire ropes
- Sling ropes
- Wire rope accessories
- Shackles and turnbuckles
- Chain slings
- Chain accessories
- Synthetic fibre ropes
- Natural fibre ropes
- Mooring ropes
- Round slings and flat slings
- Lifting clamps
- Chain blocks
- Rope winches
- Lashing belts and accessories etc.

Infinite

Work Wear and Personal Protective Equipment

In our assembly shops we develop and produce high quality work protection products of leather and heat protection materials according to standard norms and regulations as well as individual products on customers' special demands.

- General work wear
- Heat resistant clothing
- Liquid hazard clothing
- Warning clothing
- Rain wear
- Disposable work wear
- Head protection
- Ear protection
- Safety goggles
- Respiratory protection
- Welding protection
- Wide range of safety gloves for all applications
- Leather gloves
- Safety shoes
- Safety and fire blankets
- Safety harnesses
- First-aid products
- Skin barriers and cleaners
- Hygienic products
- Cleaning cloth systems
- Company logo etc;

Supplementary Equipment Management

We offer supplementary equipment management for the day-to-day working process. Being a competent service partner we offer all procurement and logistic services. Due to our services we reduce production costs, save your time and increase your flexibility.

- Reduced procurement activities for the customer
- Optimize internal production flow
- Supply on demand
- No shortages
- Full quality management
- Substitution by low cost standard products
- Reduce of the ranges of products
- Reduce of storage capacities

infinite

Logistics and Rentals

The Infinite Group is leading service partner for complete logistic services and rentals in the maritime industry. As a competent partner for transport and warehousing for all kinds of goods, we develop individual special made solutions for our customers on procurement, production and distribution.

We provide heavy earth moving equipments/ all sorts of warehouse of equipments, special vehicles for rentals. The following equipment is for rent

- Heavy duty excavators/poclaimers
- Heavy lifts/cranes (12T, 20T, 40T)
